

## Announcement

### ASEAN Institute for Health Development

#### Subject: Smoke-Free Policy of ASEAN Institute for Health Development

---

The ASEAN Institute for Health Development, Mahidol University, has implemented a smoke-free policy to protect the health of students and personnel, support smoking cessation among them, and promote appropriate health-conscious behaviors within the community. This policy also aligns with the Ministry of Public Health's announcement on designated types or names of public places, workplaces, and vehicles as smoke-free zones, and with Mahidol University's 2022 guidelines for developing a smoke-free university. The Director deems it appropriate to set forth the following policy:

**Clause 1** In this announcement:

"University" refers to Mahidol University.

"Institute" refers to the ASEAN Institute for Health Development, Mahidol University.

"Smoke-Free Zone" refers to the premises of the ASEAN Institute for Health Development, including the entrance area, the Administration Building, the Training Building, and the ASEAN House, all of which are designated as non-smoking areas.

**Clause 2** The area of the ASEAN Institute for Health Development, including the entrance, the Administration Building, the Training Building, and the ASEAN House, is designated as a smoke-free zone in accordance with the Ministry of Public Health's announcement regarding the classification of public places, workplaces, and vehicles, and the declaration of certain areas as smoke-free or smoking zones, B.E. 2561 (2018).

**Clause 3** Personnel, students, service users, or visitors of the Institute are not permitted to smoke any type of tobacco product as defined by the Tobacco Products Control Act, B.E. 2560 (2017). This includes the use of devices that generate smoke, vapor, or mist through combustion, heat, or electricity involving tobacco-containing materials, such as hookahs,

electronic hookahs, or e-cigarettes, in any area of the Institute, except in designated smoking areas as specified by the committee.

**Clause 4** Those who wish to smoke are requested to do so only in the designated smoking area located behind the printing house.

**Clause 5** The Institute does not permit the sale of cigarettes or any other tobacco products within its premises.

**Clause 6** In cases where individuals fail to comply with this policy, please contact the ASEAN Institute for Health Development's designated coordinator.
