

**The ASEAN Institute for Health Development, Mahidol University Announcement**  
**Title: Sustainable Environment Management Policy 2024 (BE 2567)**

---

Regarding the Mahidol University policy to promote Eco University which aims to create sustainable development, ASEAN Institute for Health Development (AIHD), Mahidol University, has established a policy for managing the organization in an environmentally friendly manner. This policy aligns with the university's policy and aims to encourage staff, students, and stakeholders to actively participate in environmental management. In accordance with Section 37 of the Mahidol University Act B.E. 2550, it is deemed appropriate to establish the Sustainable Environmental Management Policy B.E. 2567 as follows:

1. Commit to complying with laws and regulations related to energy and environmental conservation.
2. Commit to continuously managing the use of electricity, fuel, and other resources efficiently.
3. Commit to managing waste, garbage, and wastewater treatment to meet standards and maintain efficiency.
4. Commit to reducing greenhouse gas emissions from all activities within the institution's operations.
5. Commit to creating an environment that meets the standards for air quality, lighting, noise, comfort, and safety, ensuring it is conducive to work.
6. Commit to preserving the environment by implementing measures to procure sustainable products and by hiring environmentally friendly employees.
7. Release public relations and communication content related to environmental policy and disseminate it to staff, students, and stakeholders to ensure they are aware of and participate in the sustainable energy and environment conservation efforts of AIHD.
8. Support and allocate budgets or various resources for environmental operations that promote sustainable development.
9. The executives of AIHD, along with the working group on energy conservation and sustainable development will review, and improve the policy, goals, and operational plans for environmental management for sustainability every year.

This Announcement shall come into force as of now.

Announced on 2 August 2023

Assoc. Prof. Dr. Chuthamane Suthisang  
Acting for Director of ASEAN Institute for Health Development  
Mahidol University
